

Your Dental Benefits Guide for 2024*

We know how important dental health is for our overall health, and now there's no reason to delay your dental care.

All Excellus BlueCross BlueShield Medicare Advantage Plans include full coverage with NO deductible, coinsurance or copayments for:

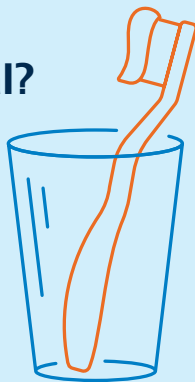

- Preventive dental
- Comprehensive dental (up to \$1,000 per year)

What is Preventive Dental?

Oral exams, cleanings, and x-rays

Your Cost:

\$0, Covered in full

What is Comprehensive Dental?

Restorative care or major procedures. Includes services such as crowns, dentures, fillings, root canals and extractions.

Implants are not included.

Your Cost:

\$0 for up to \$1,000 allowance per year

Tips for getting the most out of your dental coverage

- Choose an in-network dental provider for the most benefits.
 - » You can see an in- or out-of-network provider, but you may have a balance due if you choose an out-of-network provider. Be sure to ask your dentist if they will submit the claim directly to us. If not, contact us for a claim form.
 - » Want to check if your dentist is in network or find one who is? Go to:

- Have more than \$1,000 in comprehensive services planned? If you have the **Medicare Blue Choice® Access (PPO) plan** or the **Medicare BlueFlex (PPO) plan**, you also have access to an additional \$500 flex card that can be used on dental, vision and hearing services.
- Remember to use your flex card **AFTER** you've exhausted the comprehensive dental \$1,000 allowance.

Something else to smile about... preventive services like cleanings do NOT count toward the \$1,000 maximum.
