

# Need a ride to the doctor or pharmacy? **No problem!**

**Have you ever had to miss a doctor's appointment** because you didn't have a ride or needed a little extra help getting around? We have partnered with SafeRide to offer health-related transportation coverage to our members in select Medicare Advantage plans.

## SafeRide Transportation benefits include:

- Coverage for 12 one-way trips per calendar year
- \$0 cost-share
- 50-mile limit per ride
- Trip must be health-related (see chart on back for listing)
- Non-emergency trips only
- Different modes of transportation available depending on your mobility needs

## How to set up a ride using the transportation benefit:

**It's simple! Just call SafeRide at 1-888-617-0270 (TTY 711), 8 a.m. - 8 p.m. Monday through Saturday.**

The more notice the better when it comes to booking a ride! SafeRide offers pre-scheduled rides, perfect for planning ahead (scheduled a day or more in advance), and on-demand rides, for those last-minute appointments.

Rides must be scheduled at least two hours before your pick-up time. You must cancel rides at least three hours before the scheduled pick-up time. If not, the ride will be deducted from your annual ride balance.

### Please Note:

The first time you call it may take a little longer because they will ask you questions about your preferences and possible future needs.

DIFFERENT MODES OF TRANSPORTATION AVAILABLE	DESCRIPTION	APPROPRIATE USE SITUATIONS
Independent Rideshare contractors (e.g., Lyft, Uber)	Basic drop off, curb-to-curb	Member is independent and doesn't need help getting in or out of the vehicle
